

WE'VE ARRIVED IN PEEBLES!

EXPERT FOOT CARE NOW CLOSER TO YOU 🦶

The Peebles Podiatrist Clinic is now open for bookings from the start of August, and we're celebrating with a special launch event on *Friday afternoon and Saturday morning, 22nd & 23rd August*. Come meet the team, tour the new clinic, and get 10% off your first appointment when you register during the event.

This new clinic builds on the success of our original location

— The Penicuik Podiatrist Clinic —

now proudly in its fourth year of delivering expert, patient-focused care. Led by **Ying Peng** and supported by **Kim Blair**—both HCPC-registered podiatrists—who together bring more than three decades of clinical expertise, compassion, and cutting-edge technology to every appointment.

We use advanced tools such as Digitsole and OMGUI to provide detailed gait analysis and movement assessments, working with our excellent partners in clinical treatment Peebles Physiotherapy.

We specialise in preventative care, helping you stay active, pain-free, and mobile for years to come.

General appointments are charged by time, offering flexibility based on what's needed. Fixed pricing applies to more complex procedures such as nail surgery and orthotic prescription.

Peebles opens Mondays (Ying Peng) and Wednesdays (Kim Blair), *with plans to expand to four days a week very soon*.

Penicuik continues as usual Tuesday to Friday, with early closing on Wednesdays.

Join us at the opening event and take the first step towards better foot health — trusted care, now even closer to home!

THE PEEBLES AND PENICUIK PODIATRIST CLINICS BOOK ONLINE OR BY PHONE.
